School Angel Responsibilities:

School Angel is a registered charity in England & Wales regulated by the charities commission charity number **1153856**.

1. School Angel provides a method for schools to raise funds for their school through a business practice known as affiliate marketing. This is a process whereby a business agrees to donate a proportion of their profit generated on a sales transaction to School Angel for a completed sales transaction which is tracked back to the School Angel website.
2. School Angel will build every school registered with the charity a dedicated web page from which supporters of that school can shop.
3. School Angel is free for all schools in the UK to join.

As a rough guide approximately 10-15% of all online purchases get cancelled) . When a school requests a fund draw-down the charity will calculate to exact amount of cleared funds available.
